

Policy of video surveillance (CCTV)

The application of the video surveillance system (CCTV) in Turgut Ozal EDUCATION SH.A facilities and the processing of personal data through this system is done in accordance with:

- Law no. 9887/2008 "On the protection of personal data" as amended
- Law no. 19/2016 "For additional public safety measures"
- Direction/Instruction approved by the Commissioner no. 46, dated 03.26.2017 "On determining the level of security for the processing of personal data by using/through security systems", under Law no. 19/2016 "For additional public safety measures"
- Direction/Instruction No. 134/2017 "On determining the level of additional security measures and the type of measures to be taken by entities depending on the activity or risk assessment as well as the procedures for their notification"

In the context of legal obligations, the company monitors high resolution, infrared, uninterrupted CCTV camera only images that are related to the purpose defined in the applicable legislation. Data kept by the video surveillance system is stored for a period of 60 days, and after this period, the data is deleted. Access to recorded footage is restricted to authorized persons only.

In any environment, facility or area where surveillance cameras are installed, notice boards are set up in a manner that is in accordance with the guideline 46 determinations by the Commissioner for Right of Information and Personal Data Protection.

Turgut Ozal EDUCATION SH.A Company makes available visual images or other data obtained from the use of additional security measures at the request of the State Police or the judicial authorities only for investigation purposes based on the Code of Criminal Procedure and in the legislation in force.

The video surveillance system cannot interfere and violate the privacy of students, academic and administrative staff as well as other individuals.

Camera surveillance is prohibited as well as recording of images in private environments, sanitary environments/facilities, dressing rooms etc.

All cameras are located and positioned in such a way that the viewing angle can shoot images within the scope for which the system is installed and cannot capture images from environments that do not comply with the purpose of surveillance.

Every data subject has the right to request correction or deletion of data when he or she notices that the data about him is not regular, incomplete, true or processed and collected in violation of the legal and sub legal provisions through a written request.
